

## MEAT CONTROL BY U. S. URGED

Rep. Anderson, Minnesota, Calls Palmer's Agreement Inadequate.

**NINTH HEARING STARTS**

Officials of Federal Trade Commission to Be Heard By Committee.

Federal supervision of the packing industry is necessary, in spite of Attorney General Palmer's agreement with the "Big Five" packers, according to Representative Sidney Anderson, of Minnesota, who testified yesterday before the House Agricultural Committee.

Opening the ninth Congressional investigation of the meat packing industry in the past four years, Mr. Anderson declared that the agreement with Palmer is not sufficient from the standpoint of either the consumer or the producer.

He declared that legislation should provide government supervision, assurances that independent packers will not be discriminated against in the use of refrigerator cars, separation of stockyards from packer control and the development of co-operative and municipal packing plants in centers of production.

The purpose of the hearings, Chairman Haugen declared, is to determine whether legislation is needed to supplement the packer dissolution decree recommended by the Attorney General. Officials of the Federal Trade Commission are expected to be heard today.

Announcement that the retail meat dealers were to be called to account was made by Palmer a few days ago in Chicago. He pointed out that wholesale prices of most kinds of meat have been cut in the last three months, while many retail dealers have made no change in their prices. Some even have increased prices, he said.

**HEARINGS ON BUDGET TO COMMENCE TODAY**

Hearings on the District budget will begin this morning at 10 o'clock before the District of Columbia subcommittee of the House Appropriations Committee. Representative Charles R. Davis, Minnesota, chairman, has announced the committee, on orders from Republican leaders, intends to make a thorough investigation of District expenditures and pare them to the bone in line with the general program of economy.

The teachers' pay increase bill, introduced by Mr. Mayes, chairman of the House District committee, Monday probably will receive the attention of the subcommittee before the hearings end.

**Mexican Secretary Appointed.**

Appointment of Leon Solinas as secretary of industry, commerce and labor of Mexico, has been announced at Mexico City, the State Department was advised yesterday.

## MAN, 45, WEDS CHILD, AGED 11

Search Made for Husband; Judge Threatens to Prosecute.

Nashville, Tenn., Feb. 24.—Married February 4 at the age of 11 years, Florence Lambeth today was in the care of the United Charities Commission while police are searching for her 45-year-old husband, Ben Zumbro.

The case was brought to the attention of the judge of the county court, who characterized the affair as one of the most revolting and pitiful he had ever known. He announced that he would prosecute persons who had anything to do with the alleged forcing of the child into her "marriage." Divorce proceedings will be started.

When found and taken away the child was dressed in a shabby woolen dress which struck her a couple of inches above the knees and ragged stockings. All of her clothes were in a state of indescribable filth.

According to the story told by the child, her mother told her if she would marry Zumbro she (Mrs. Lambeth) would take care of her.

## BENSON WOULD KEEP VESSELS

New Shipping Board Head Opposes Sale Held Up By Court Order.

Sweeping changes in the policy of the Shipping Board toward sales of former German ships are understood to have been discussed yesterday at a conference of Admiral W. S. Benson, Chairman Payne and other members of the board. Benson soon will succeed Payne as chairman.

It is believed that Payne's policy of selling the former German ships will be abandoned, and that Benson will institute a new policy of retaining some of the vessels for the army transport service, and disposing of the others under such regulations that they will always be available for naval service in time of war.

Justice Thomas Jennings Bailey in the District Supreme Court signed the formal decree restraining the Shipping Board from selling thirty former German ships.

Persons close to the Shipping Board believe that Benson will recommend to Congress a program of legislation that will make provision for the army transport reserve and while forbidding transfer of any of the ships to a foreign flag, will make it possible for American shipowners to operate the vessels in competition with foreign craft.

Heavy appropriations will be necessary to make the program workable.

Grave in Congressional Cemetery Banked with Floral Pieces.

Maj. Raymond W. Pullman, Washington chief of police, was buried yesterday afternoon in Congressional Cemetery. Services were conducted at the Church of the Reformation, H street southeast.

A detachment of 124 policemen attended the funeral. Representatives of practically every organization in Washington were present.

Rev. John Weidley, assisted by Rev. Charles Wood, conducted the services. Dr. Weidley lauded Maj. Pullman's character, terming him "an upright Christian gentleman." He called attention to the fact that Maj. Pullman had attended the Church of the Reformation since he was 8 years old.

**Sacred Song Brings Tears.** A quartet, composed of James K. Young, Milton J. Pillus, Edward L. Hutchison and Ambrose A. Durkin, sang a number of sacred songs. "Lead, Kindly Light" brought tears to the eyes of the throng in the church.

Practically the entire force of the District Government and the detective bureau attended. A committee of nationally-known motion picture men also was present.

Hundreds of onlookers gathered at the grave, which was surrounded with scores of flower pieces, from small and modest bouquets to large ornate designs.

Messages of condolence arrived at the Pullman home throughout the day.

**Memorial Services Are Held.** Memorial services for Maj. Pullman were held by the faculty and Alumni Association of Business High School yesterday afternoon. Maj. Pullman was graduated there in 1903.

Police Captains in both the United States and District branches were adjourned out of respect to Major Pullman.

In the death of Raymond Pullman the community has sustained a serious loss and the Police Department a still more serious one," Assistant District Attorney Ralph Given said. "As a police official his services were equally valuable as if he had sacrificed his life on the battlefield."

Judge McMahon and Judge Hardison both spoke highly of Major Pullman's character and ability. Flags on business establishments throughout the city were at half-mast yesterday afternoon, at the request of the Merchants and Manufacturers' Association.
